

How walkable is your community?

walkON is a partnership of Central West Ontario Regional Heart Health Projects that, together, have identified a need to support the development of walkable communities.

walkON envisions an Ontario where people value and seek to live in communities that are safe, convenient, and accessible to walk for all of their daily needs.

Get Involved!

Support the efforts already underway in your community. Become involved in making your community walkable.

- Conduct a Walkability Checklist in your community
- Visit www.walkon.ca and become a member
- Talk to your Heart Health Coordinator about getting involved
- Join or form a Membership Group
- Get involved in what's happening in your community
- Participate in a Walkable Communities Workshop

Choose a walking route in your community and take notes on what you see. How does your route rate? Is your community one that supports walking?
