Would you like to...

Know that your kids can walk home safely on public pathways, away from cars?

Can you imagine...

Walking to your errands and leaving your car behind?

Ever wanted to...

Live in a community that supports physical activity?

It's possible...

Join us for a community conversation on "Building a Walkable Community." Hear how our community can plan for active living. Find out what's working in other communities, and what's not. There's a walk-about too, so dress comfortably.

This project is supported by the Government of Ontario
