

Walkable Communities Workshop

Evaluation Form

To help with the design of future workshops and with the implementation of your ideas, please complete the following form.

1. What did you like best about the workshop?
2. What did you like least about the workshop?
3. What do you consider to be a reasonable walking distance to access neighbourhood shopping and amenities? ____ minutes
4. Please mark these indicators of walkable communities in order of what you see as priority (1 = highest priority and 10 = lowest priority)

Walkable Communities			
	Crosswalks & paths that intersect housing developments	Pedestrian operated traffic signals	
	Shops & amenities within reasonable walking distance	Well-marked pedestrian crossings	
	Traffic calming measures	Accessible bus routes & schedules	
	Parks & green space within reasonable walking distance	Safe and convenient routes for children to walk to school	
	Marked trails for walkers & cyclists		

5. How can Walk ON assist you in making our community more walkable?
6. Are you interested in helping to move ideas from today forward? If yes or maybe, please provide your name and e-mail address: _____
7. Other comments:

Thank you for your comments and for your contributions to this day.
